Topic Descriptions & Presentation Dates

Glaciers to Great Lakes Wisconsin has an amazing gift – our Great Lakes! We'll explore how glacial ice has transformed our landscapes. *[July 1 and 29]*

Mysteries of Migration Follow the journey made by insects, birds, and mammals. *[July 2, 15 and August 4]*

Fantastic Flyers Experience the mysteries of migration in our fields and woodlands. Some creatures travel 10,000 miles or more to make it to our preserve. *[July 7]*

Finding Fossils Discover how plants and animals from an ancient sea transformed into the fossils we find at Crossroads. *[July 8 and 22]*

Rocks & Caves of Door County Exploring the Door County geology just below our feet. *[July 9 and 30]*

Butterflies Butterflies are masters of transformation. Seek summer butterflies in Crossroads' gardens, meadows, and fields. *[July 14 and 28]*

Rivers to Lakes Wisconsin has an amazing gift – our Great Lakes! We'll explore how glacial ice has transformed our landscapes. *[July 16]*

Insect Safari Let's find the secrets of insects as they transform from egg to adult. Hand lenses and collecting nets provided. *[July 21 and August 5]*

Welcome Back Learn the efforts to restore native birds, animals, and fish to Wisconsin lands. *[July 23 and August 6]*
